

THE NEW INTERCHANGE AT I-275 AND GRAVES ROAD IS OPEN.

Exit #8/Graves Road/KY 495 will provide faster access to Worldwide Boulevard and the surrounding area.

The Double Crossover Diamond (DCD) interchange is a new traffic pattern that allows traffic to move through the interchange area more safely and efficiently.

I-275 traffic that previously used the Hebron/KY 237 exit to access Worldwide Boulevard and other surrounding areas should use the new Graves Road exit.

Continue west for access to Worldwide Boulevard.
